Information about our Pediatric Pulmonary, Allergy and Immunology Practice:

Dear Parent,

We would like to welcome you to our practice here at New York-Presbyterian. The information provided is intended to clarify how our office and practice functions so that we can make your interaction with us helpful and efficient. If there are further questions, please do not hesitate to ask. We look forward to providing your family with the best and most compassionate care.

Sincerely,

The Division of Pediatric Pulmonary, Allergy and Immunology

Location:

- 505 East 70th Street New York, NY 10065 -- between York Avenue and the East River.
- Our offices are on the 3rd Floor of the Helmsley Medical Tower.
- Phone: 646-WMC-KIDS or Direct (646-962-3410) and Fax (646-962-0246)

Office Hours:

- Monday through Friday from 9:00 a.m. to 5:00 p.m.
- In the event of an emergency after 5:00 p.m., or on weekends, call 646-962-3410 and ask the operator to page the Pulmonary fellow on call. If you do not receive a return phone call within 15 minutes, please call the service again to have the doctor on call.

Insurance Coverage:

- We accept most major insurance plans. (please contact our office for further information)
- A referral may be required from your child's pediatrician (any questions regarding pre-authorization of service, we ask that you contact your insurance company and/or primary care physician)

June 21013

- A PFT (Pulmonary Function Test) is required by our physicians for most patients (please see instructions below). Please note that even if the physician you are seeing participates with your insurance plan, your insurance provider may not cover the entire cost of the PFT, and you may receive a bill from New York Presbyterian Hospital for a portion of the cost of this test. We strongly encourage you to contact your insurance company if you are concerned about a bill being generated from the PFT, as our office will not be able to assist with PFT-related billing issues.

Appointments:

- Please arrive by your check-in time in order to process your co-pay and complete or correct any registration information.
- Bring your insurance cards at the time of your child's visit. Also have the name, address and phone number of your pharmacy if you have not completed your pharmacy intake form.
- You may view your physicians profile at the Pulmonary practice webpage www.weillcornell.org/pedspai or the Allergy and Immunology website at www.weillcornell.org/practice/ped_allergy. All intake forms for your visit can be downloaded from the practice webpages.
- We will contact you to confirm the appointment 48 - 72 hours prior to your visit. You may also confirm the appointment by calling the office at 646-962-3410 or sending a fax confirmation to 646-962-0246. All completed questionnaire's must be received by the office no later than 72 hours prior to the appointment. Please email them to pedspulmonarytele@med.cornell.edu or fax to 646-962-0246.
- If you are seeing the physician for a second opinion consultation, all previous medical records, and test results are required for review. Please forward to the office no later than 72 hours prior to the appointment.
- If you have an appointment with one of the allergists, please review the list of medications to avoid prior to your visit. The physician may choose to perform skin testing or have blood drawn. This can be discussed during your appointment.
- There may be limited space in our schedule, so please let our staff know if it would be acceptable to place your child on a waiting list to be seen earlier should a cancellation occur.

Special Instructions for Patients Scheduled for the Pulmonary Function Test Lab:

- The Pulmonary Function Testing (PFT) Lab is located on the fifth floor of the Helmsley Medical Tower at 505 East 70th Street, between York Avenue and the East River.
- When you get off the elevator on the fifth floor, make a right towards the East Wing. Proceed to the registration desk for check-in. The PFT Lab phone number is 212-746-4039.
- Pulmonary Function Tests (PFTs) can involve breathing deeply and quickly into a tube while wearing a noseclip. An exercise test can involved a PFT test as well as exercising on a treadmill or exercise bike.
- The day of your child's test(s), please make sure they **do not take** any inhaled medications, including Albuterol (Ventolin, Proventil, ProAir), Xopenex, Maxair, Advair, Symbicort and Foradil.
- If you are unsure whether your child should take a certain medication or feel as though they will be very sick without taking medicine, please call the PFT lab at 212-746-4039.
- If your child is coming in for an Exercise Test, please have them refrain from taking the medications listed above and:
 1. Wear comfortable clothing, including sneakers and socks
 2. Bring a bottle of water
 3. Eat something, but refrain from eating two hours prior to test time
 4. Refrain from wearing nailpolish

The Day of the Visit:

- They will have their height, weight and other vitals taken and then you and your child will proceed to the exam room. (If you prefer to wait in the reception area because it's best for your child, please let our medical assistant know).
- Since we are an academic center, we believe that teaching is an important part of our mission. Thus, we have the opportunity to have pediatric pulmonary fellows, as well as residents or medical students participate in your child's visit. After an initial contact with a fellow or resident, you and your child will meet the pediatric pulmonologist or allergist attending physician and you will have ample time to have all your questions addressed. Please understand that all decisions about your child's care will be made by the attending physician .

Phone Calls:

- All phone calls will be returned within 24 hours by one of our physicians or our nurse. Return phone calls will be made at the end of the day as we are generally either seeing patients or performing procedures during the day. If you feel this is an urgent matter, please let our office staff know so that we can return your phone call earlier.
- Please provide us with both a home number and a cellular telephone number to assure that we can reach you when making that return phone call.

Results:

- Your physician will give you an estimate of when these results should be completed.
- **Call us at 646-962-3410 for your child's results.** We will be happy to discuss your child's results and appreciate your attention regarding these matters.

Prescription Refills:

- Please call 646-962-3410 during regular office hours to refill any of your children's prescriptions.
- We are now also utilizing "e-Prescribing" for faster and more accurate refills.
- Please provide us with your preferred pharmacy: name, address and phone number by completing the Pharmacy Intake Form.
- Please call for refills when you have a minimum of a 7 day supply so you do not run out of medication.
- It is our policy that if your child has not been seen in over 6 months, that we may accommodate your child with a refill for one month but may ask for you to schedule a visit for any subsequent refills. We feel this is the safest and most appropriate action.
